IV Year B.Sc. Nursing Degree Examination – APRIL - 2015

Time: Three Hours | Max. Marks: 75 Marks

NURSING RESEARCH AND STATISTICS (RS-2)

Q.P. CODE: 1773

Your answers should be specific to the questions asked
Draw neat, labeled diagrams wherever necessary

ESSAYS TYPE (Any Two) 2 x 10 = 20 Marks

1. a) Explain the need for Research in Nursing.
   b) Explain the characteristics of a good research. (5+5)
2. a) Define nursing research.
   b) Explain non-experimental research designs in detail. (2+8)
3. Define Reliability and describe in detail various types of reliability. (2+8)

SHORT ESSAYS Type (Any Seven) 7 x 5 = 35 Marks

4. Criteria of a Good Research Problem
5. Discuss the significance of literature review in nursing research.
6. Explain normal probability curve.
7. What are the different types of correlation? Explain with suitable example.
8. Importance of Pilot study in Research
9. Explain the simple random sampling technique.
10. Utilization of Research findings
11. Explain the points to be kept in mind while constructing a questionnaire.
12. Explain advantage and disadvantages of observational method.

SHORT ANSWERS 10 x 2 = 20 Marks

13. What are the different types of variables?
14. List the characteristics of True Experimental Research Design.
15. Types of qualitative research designs
16. Population
17. Calculate median for these numbers – 3, 4, 5, 8, 6, 3, 4, 5, 6, 4, 9, 4, 7.
18. What is range?
19. Define sampling.
20. What is content validity?
21. Ratio Scale of Measurement
22. Differentiate between continuous and discrete data.

MANAGEMENT OF NURSING SERVICES AND EDUCATION (RS-2)

Q.P. CODE: 1774

Your answers should be specific to the questions asked

Draw neat, labeled diagrams wherever necessary

ESSAYS TYPE (Any Two) 2 x 10 = 20 Marks

1. What is planning? What are the steps of planning? Discuss its advantages and disadvantages.
2. Define motivation. List-down the theories of motivation. Explain any one theory in detail.
3. Define nursing audit. Explain the steps of nursing audit process.

SHORT ESSAYS Type (Any Seven) 7 x 5 = 35 Marks

4. Types of Accreditation
5. Importance of effective co-ordination
6. Factors influencing curriculum development
7. Key elements of informed consent
8. Principles of management
9. Career opportunities for nurses
10. Activities performed by TNAI
11. Responsibilities of Nursing Service Administration
12. Principles of guidance

SHORT ANSWERS 10 x 2 = 20 Marks

13. Incident report
14. Sources of nursing standards
15. Four important aspects of educational evaluation
16. In-service education
17. Qualities of public relation officer
18. Type of need
19. Selection of a student to the college of nursing
20. Consumer Protection Act
21. Channels of Communication
22. Negligence

(Revised Scheme)

Q.P. CODE: 1693

Your answers should be specific to the questions asked

Draw neat, labeled diagrams wherever necessary

LONG ESSAYS (Answer any Two) 2 x 10 = 20 Marks

1. a) Define supervision. (2+8)
   b) Explain the techniques of supervision in the community.
2. a) List the types of disaster with examples. (2+8)
   b) Explain the stages of disaster cycle.
3. a) List the objectives of RNTCP. (2+8)
   b) Explain its activities towards reduction of disease burden in the communities.

SHORT ESSAYS (Answer any Eight) 8 x 5 = 40 Marks

4. Explain the functions of Central council of health and family welfare.
5. Write about family planning association of India.
6. Panchayati Raj
7. Explain health team in community.
8. Family coping index in family nursing process
9. Explain anecdotal records.
10. Epidemiology and prevention of malaria
11. ESI Act
12. Activities of TNAI
13. Field supervision

SHORT ANSWERS 10 x 2 = 20 Marks

14. Prevention of parent to child transmission of HIV
15 Signs and symptoms of filariasis
16. Activities of Kasturba Memorial Fund
17. List the activities of FAO
18. Sub center staffing pattern
19. Services at CHCs
20. Define In-service education.
21. List the school health problems.
22. Mention the dietary management of type II diabetes.
23. Define Mock drills.

Visual Optics

Q.P. Code : 1632

Your answers should be specific to the questions asked. Draw neat labeled diagrams wherever necessary

LONG ESSAYS (Answer any Four) 4 x 10 = 40 Marks

1. Define visual acuity, write about the specification, conversion and recording of distance and near visual acuity
2. Describe refractive anomalies and their causes.
3. Write in details different types of retinoscopy and their procedures
4. Define sturms conoid and write about the classification and treatment of astigmatism with examples
5. Define accommodation write in details about mechanism, amplitude, range and near and far point of accommodation

SHORT ESSAYS (Answer any Eight) 8 x 5 = 40 Marks

6. Write a short note on lens curvature and thickness
7. Write a note on anomalies of convergence
8. Write different methods used to measure convergence
9. Write a short note on cycloplegic refraction
10. Write a short note on spectacle magnification and relative spectacle magnification.
11. Write down the difference between latent and manifest hypermetropia
12. Write a short not on schematic and reduced eye.
13. Describe in details the heterophoria and gradient methods to calculate AC/A ratio with its importance.
14. Write a short note on subjective refraction

SHORT ANSWERS 10 x 2 = 20 Marks

15. Name any two drugs used for children to relax accommodation
16. Define depth of focus and depth of field.
17. Define simple transposition
18. Define Emmetropia
19. Write any 2 uses of RAF Ruler
20. Define anisokonia.
21. What is MEM retinoscopy
22. How is Pinhole useful
23. Use of Stenopic-slit.
24. Define convergence excess
