4. Mr. X. 63 years old male is admitted to Neuro Surgery ICU, following Road Traffic Accident. CT Scan revealed Subdural Hematoma. Enumerate the clinical features of Subdural Hematoma. Explain the Neuro Assessment you with perform with rationale.

5. Mr. M is admitted with Astrocytoma grade III. List the causes of intra cranial tumors. Explain the Nursing management of this patient who is in the post-operative ICU following excision of tumor.

6. Classify seizure disorders. Discuss the Nursing management of a client with Status Epilepticus.
7. Write the mechanism of head injury. Explain in detail the management of a patient with head injury.

Second Year M. Sc. (Nursing) Degree Examination - 24-Feb-2023

[Time: 3 Hours] [Max. Marks: 80]

MEDICAL SURGICAL NURSING
NEPHRO UROLOGY NURSING
(RS3/RS4))
Q.P. CODE: 9645

Your answers should be specific to the questions asked
Draw neat labeled diagrams wherever necessary

Answer All The Questions 8 X 10 = 80 Marks

1. List the diagnostic procedures used in Nephro urology and explain any three in detail

2. Explain the different types of urinary incontinence, causes, clinical manifestations, medical and nursing management of patient with incontinence

3. Explain the term hemodialysis, underlying principles, procedures, complications and nursing management of hemodialysis patient

4. Discuss in detail the care of patients undergoing kidney surgery using nursing process approach

5. Enlist the factors contributing for urinary tract infection and develop a teaching plan for patient with urinary tract infection

6. Describe causes and pathophysiological changes of Acute Renal Failure

7. Use the nursing process as a frame work for care of patient with Chronic Renal Failure

8. Explain pre and post operative management for patient undergoing surgery for urinary diversion

Rajiv Gandhi University of Health Sciences, Karnataka

Second Year M.Sc. (Nursing) Degree Examination - 24-Feb-2023

Time: 3 Hours | Max. Marks: 80

MEDICAL SURGICAL NURSING – II
ORTHOPAEDIC NURSING (RS-3/RS-4)
Q.P. CODE: 9646

Your answers should be specific to the questions asked
Draw neat labeled diagrams wherever necessary

Answer All The Questions | 8 X 10 = 80 Marks

1. What is head injury? Describe the assessment and nursing management of a patient with head injury during the first 48 hours using nursing process approach
2. Discuss the causes, clinical manifestations and management of a patient with systemic Lupus Erythematosis
3. Discuss the causes, clinical manifestations and nursing care of a patient with poliomyelitis
4. Explain the clinical manifestations, medical and nursing management of a patient with myasthenia gravis
5. Explain the types of amputation. Discuss the nursing management and rehabilitation of a patient with above knee amputation
6. Explain the different types of casts. Discuss the nursing care of a patient with plaster cast
7. Discuss the assessment, diagnostic evaluation and nursing care of a patient with cerebral palsy
8. Discuss the principles of rehabilitation and explain the role of a nurse in orthopaedic rehabilitation

Second Year M. Sc. (Nursing) Degree Examination - 24-Feb-2023

[Time: 3 Hours] | [Max. Marks: 80]

GASTRO ENTEROLOGY NURSING
(RS3/RS4)
Q.P. CODE: 9647

Your answers should be specific to the questions asked.
Draw neat labeled diagrams wherever necessary.

Answer All The Questions | 8 X 10 = 80 Marks

1. List down the risk factors and clinical manifestations of gastric cancer and explain in detail the management of patient with gastric cancer.
2. Describe the pathophysiology and clinical manifestations of liver failure. Prepare a nursing care plan for the patient with liver failure.
3. Explain the pathophysiology and clinical manifestations of Reflux oesophagitis and explain in detail about the treatment and preventive measures of Reflux oesophagitis.
4. Explain the pathophysiology of diaphragmatic hernia and describe the post operative nursing care for the first 48 hours.
5. Write a note on total parenteral nutrition.
6. Write briefly about clinical features and management of trachea esophageal fistula.
7. Discuss about evidence based nursing in gastro intestinal nursing.
8. Explain briefly about H2 Receptor antagonists.

Rajiv Gandhi University of Health Sciences, Karnataka

Second Year M. Sc. (Nursing) Degree Examination - 24-Feb-2023

[Time: 3 Hours] [Max. Marks: 80]

OBSTETRICS AND GYNECOLOGICAL NURSING - II

(RS3/RS4)

Q.P. CODE: 9648

Your answers should be specific to the questions asked

Draw neat labeled diagrams wherever necessary

Answer All The Questions 8 X 10 = 80 Marks

1. Discuss the clinical manifestations and a comprehensive plan of management for a HIV positive pregnant woman and a neonate
2. a) Explain the pathogenesis of pre-eclampsia
   b) Describe the management of a woman with pre-eclampsia
3. Draw a design and layout of an Obstetrical and Gynecological unit
4. a) Define postpartum hemorrhage
   b) Enlist causes of postpartum hemorrhage
   c) Explain the management of postpartum hemorrhage
5. Explain causes and management of Asphyxia Neonatorum
6. a) Define ectopic pregnancy
   b) List the risk factors for ectopic pregnancy
   c) Explain management of woman with ectopic pregnancy
7. a) Define breech presentation
   b) List the causes for breech presentation
   c) Explain how will you manage, the delivery of a baby with extended arms
8. Mrs. Rekha, with 32 weeks of gestation was found to be anemic
   a) What are the causes for anemia in pregnancy?
   b) Describe the management and potential complications of anemia

Second Year M. Sc. (Nursing) Degree Examination - 24-Feb-2023

[Time: 3 Hours] [Max. Marks: 80]

PAEDIATRIC NURSING (CHILD HEALTH NURSING)

(RS3/RS4)

Q.P. CODE: 9649

Your answers should be specific to the questions asked.

Draw neat labeled diagrams wherever necessary.

Answer All The Following 8 X 10 = 80 Marks

1. Explain the current concepts, principles, practice and trends in paediatric nursing.
2. What are the causes for learning disabilities? Explain in detail the nursing management of a child under depression.
