M.D. Homoeopathy Degree Examination (Part-II) - 26-Aug-2024

Time: 3 Hours **Max. Marks: 100**

MATERIA MEDICA – PAPER - I
(Revised Scheme 5)
Q.P. CODE: 8010

Your answers should be specific to the questions asked
Draw neat, labeled diagrams wherever necessary

Answer All The Questions **10 X 10 = 100 Marks**

1. List the group characteristics of Insecta. Discuss the mental, physical, characteristic features and therapeutic indications of Apis Mellifica

2. Describe the drug profile of Ambra Grisea in the background of clinical, aetio pathological understanding with its peculiar mental symptoms

3. List the group characteristic of Kali, mention the clinical utility of Kali Mur and Kali Iod

4. Compare and contrast Calc Carb and Baryta Carb children

5. Discuss the drug profile of Argentum Nitricum in the background of Psycho-clinical-pathological, analytical understanding
   Or
   Describe the group characteristics of solanaceae family.

6. Compare and contrast Antimonium tartaricum and Antimonium Arsenicum in respiratory affections

7. Describe – affections of mind, gastric and nervous affections of Aethusa Cynapium

8. Discuss therapeutic applications of Chininum sulph and Chininum ars

9. Describe the drug profile of Stramonium in the background of clinical, aetio pathological understanding with its peculiar mental symptoms

10. Discuss the therapeutic utility of Condurango, Comocladia, Cascera sag and Asarum Europ

M.D. Homoeopathy Degree Examination (Part-II) - 28-Aug-2024

[Time: 3 Hours] **[Max. Marks: 100]**

MATERIA MEDICA – PAPER - II
(Revised Scheme 5)
Q.P. CODE: 8011

Your answers should be specific to the questions asked.
Draw neat, labeled diagrams wherever necessary.

Answer All The Questions **10 X 10 = 100 Marks**

1. List the group characteristics of Loganieaceae. Outline the mental manifestations and contradictory symptoms of Ignatia.
2. Mention the clinical indications of Cedron, Physostigma, Lachnanthes and Ailanthus.
3. a) Compare and contrast Baccilinum and Psorinum in skin affections.
   b) Compare and contrast Diptherinum and Lac can in throat affections.
4. Discuss about evolution of mental symptoms of Causticum.
5. List the group characteristics of Halogens. Outline glandular and respiratory symptoms of Bromium.
6. a) Compare and contrast Ledum and Kalmia in Rheumatic affections.
   b) Compare and contrast Ipecac and China in haemorrhages.
7. Discuss the drug profile of Graphites in relation to its affinity, patho - physiological action and clinical application.
8. Describe the mentals, heart and septic symptoms of Pyrogenum.
9. Explain febrile manifestations of Bryonia alba, Baptisia, Euphrasia and Gelsemium.
10. Mention the skin indications of Sulph iod, Uranium nit, X-Ray and Rad bromide.

Rajiv Gandhi University of Health Sciences, Karnataka

M.D. Homoeopathy Degree Examination (Part-II) - 26-Aug-2024

[Time: 3 Hours] **[Max. Marks: 100]**

HOMOEOPATHIC PHILOSOPHY AND ORGANON OF MEDICINE – PAPER - I
(Revised Scheme 5)
Q.P. CODE: 8012

Your answers should be specific to the questions asked.
Draw neat, labeled diagrams wherever necessary.
