Rajiv Gandhi University of Health Sciences, Karnataka

M.D. Homoeopathy Degree Examination (Part-II) - 04-Mar-2025

Time: 3 Hours | Max. Marks: 100

MATERIA MEDICA – PAPER - I
(Revised Scheme 5)
Q.P. CODE: 8010

Your answers should be specific to the questions asked
Draw neat, labeled diagrams wherever necessary

Answer All The Questions | 10 X 10 = 100 Marks

1. Mention therapeutic indications of Pothos foetidus, hydrangea arb, aspargus off, cascara sagrada
2. Discuss drug profile of conium maculatum in the background of mental, glandular, heart gastrointestinal and neurological complaints
3. Mention clinical indications of Sambucus nigra, sticta pulm, viburnum opulus and onosmodium
4. List the group characteristics of Solanaceae family. Compare and contrast Stramonium and Belladonna in mental and neurological complaints
5. List general characteristics of magnesium group. Compare and contrast Mag cab and Mag mur in abdominal and female complaints
6. Discuss drug profile of Arsenicum Album in the background of affinity, patho-physiology and characteristics and add a note on mid symptoms
7. Compare and contrast Kali phos and Kali sulph in headings of mental, respiratory and female genital complaints
8. Mention therapeutic indications of Calc flour and Calc sulph in eye, respiratory and skin complaints
9. List group characteristics of insect. Discuss clinical indications of Coccinella sept, Vespa crabro, Cimex lec
10. Discuss drug profile of Ambra Gresia in the background of mental, physical characteristics and therapeutic indications

---

M.D. Homoeopathy Degree Examination (Part-II) - 06-Mar-2025

[Time: 3 Hours] | [Max. Marks: 100]

MATERIA MEDICA – PAPER - II
(Revised Scheme 5)
Q.P. CODE: 8011

Your answers should be specific to the questions asked.
Draw neat, labeled diagrams wherever necessary.

Answer All The Questions | 10 X 10 = 100 Marks

1. Discuss gastric complaints of Gambojia, Jalapa, Robinia and Zingiber.
2. Discuss about Secale cor in the background of Patho- physiological understanding.
3. Explain the theory of Biochemic system of medicine. Describe the clinical application of Calc phos.
4. Justify Natrum sulphuricum as an antisycotic remedy.
5. List the group characteristics of Loganiaceae. Compare Gelsemium and Bryonia in headache and fever.
6. Discuss about aetiopathological action and clinical application of Psorinum and Pyrogen.
7. Compare and contrast glandular affections of Iodum, Bromium, Silicea and Calc flour.
8. Discuss about evolution of mental symptoms of Sulphur.
9. List the indications and contraindications of Nosodes. Compare and contrast Tuberculinum and Medorrhinum in child complaints.
10. Compare and contrast Rumex, Squilla, Ipecac and Senega in Respiratory complaints.

Rajiv Gandhi University of Health Sciences, Karnataka

M.D. Homoeopathy Degree Examination (Part-II) - 04-Mar-2025

[Time: 3 Hours] [Max. Marks: 100]

HOMOEOPATHIC PHILOSOPHY AND ORGANON OF MEDICINE – PAPER - I
(Revised Scheme 5)
Q.P. CODE: 8012

Your answers should be specific to the questions asked.
Draw neat, labeled diagrams wherever necessary.

Answer All The Questions 10 X 10 = 100 Marks

1. Justify artificial morbific agents are superior to natural morbific agents.
2. Explain Hahnemann's concept of susceptibility and its significance in causation of diseases.
3. Discuss the knowledge of the instrument adapted for the cure of natural diseases the Pathogenetic power of medicine.
4. Describe local maladies and its treatment.
5. Explain Kent's theory of Psora.
6. Describe the evolution of sycosis as the miasm of excess and overgrowth and its treatment.
7. Define Pseudo psora. Describe salient characteristics of pseudo psora.
8. Differentiate Locomotor affection of Psora, Sycosis and syphilis.
9. Describe basic symptoms of psora as explained by J.H. Allen.
10. Describe Allen's views on Idiosyncrasies.

M.D. Homoeopathy Degree Examination (Part-II) - 04-Mar-2025

Time: 3 Hours | Max. Marks: 100

REPERTORY – PAPER-I (RS - 5)
Q.P. CODE: 8014

Your answers should be specific to the questions asked
Draw neat, labeled diagrams wherever necessary

Answer All The Questions | 10 X 10 = 100 Marks

1. Discuss the historical evolution of Repertories
2. Discuss the objectives of case taking for Repertorisation
3. Illustrate the pre-requisites for Repertorisation
4. Explain various difficulties encountered during chronic case taking
5. Describe Boenninghausen's Hexameter
6. Define symptom and explain complete symptom, associated symptom, clinical symptom and pathological symptom and their utility in practice
7. Elaborate the role and applicability of Repertory in Paediatric cases
8. Describe case taking and utility of repertory in local disease
9. Discuss the observation on Repertorisation by H.A. Roberts and C.B. Knerr
10. Discuss the application of repertories in the obstretics and gynaecological cases

M.D. Homoeopathy Degree Examination (Part-II) - 06-Mar-2025

Time: 3 Hours | Max. Marks: 100

REPERTORY – PAPER-II (RS - 5)
Q.P. CODE: 8015

Your answers should be specific to the questions asked
Draw neat, labeled diagrams wherever necessary

Answer All The Questions | 10 X 10 = 100 Marks

1. Describe the utility of seventh section of Boenninghaussen's Therapeutic Pocket Book
2. Compare the construction of BBCR with Kent's repertory
3. Discuss the clinical utility of Synthetic Repertory in practice
4. Discuss the philosophy in development and structure Final General Repertory with its application in practice
5. Describe the construction of Knerr's Repertory. Explain the utility of same in practice
6. Describe the philosophy and construction of Gentry's Repertory
7. Discuss the philosophical background, plan and construction of Boericke's clinical repertory. Explain the advantages and disadvantages of the same repertory
8. Describe the philosophy and construction of "Sensations as if by H.A. Roberts"
9. Discuss the philosophy, development and structure of the essential synthesis repertory by Frederik Schroyens
10. Explain various expert systems available in Hompath

PRACTICE OF MEDICINE – PAPER - I
(Revised Scheme 5)
Q.P. CODE: 8018

Your answers should be specific to the questions asked
Draw neat, labeled diagrams wherever necessary

Answer All The Questions | 10 X 10 = 100 Marks

1. Discuss the causes, types, pathogenesis and homoeopathic management in Pancreatitis
2. Discuss in detail the etiopathogenesis, clinical feature and homoeopathic management of Pemphigus Vulgaris
3. Discuss and differentiate the clinical presentation seen in different types of Seronegative Spondarthritis
4. Describe the types and clinical presentation of various types of alopecia with its homoeopathic management
5. Discuss in detail - a) Paraneoplastic syndrome b) Prostate specific antigen and its significance
6. Describe the etiological factors, pathogenesis, diagnosis and homoeopathic management of Cirrhosis of liver
7. Classify Thalassemia, discuss in detail the causes, clinical presentation and homoeopathic approach in Thalassemia major
8. Describe the etiological factor, pathogenesis and diagnosis and homoeopathic approach of Osteo Arthritis
9. Discuss in detail – a) Discuss the recent advanced in Gene therapy
   b) Rehabilitation in Geriatric patients
10. Describe the types and clinical presentation of various types of psoriasis with its Homoeopathic management

M.D. Homoeopathy Degree Examination (Part-II) - 06-Mar-2025

Time: 3 Hours | Max. Marks: 100

PRACTICE OF MEDICINE – PAPER - II
(Revised Scheme 5)
Q.P. CODE: 8019

Your answers should be specific to the questions asked
Draw neat, labeled diagrams wherever necessary

Answer All The Questions | 10 X 10 = 100 Marks

1. Describe in detail -
   a) Multiple organ dysfunction syndrome (MODS) b) Clinical signs of specific shock
2. Classify eating disorder. Write in detail about the biological and psychological factors of Anorexia Nervosa with indications of a) Natrum Mur b) Iodum
3. Discuss the causes, clinical features of post traumatic stress disorder with indications of
   a) Gelsemium b) Ignatia
4. Discuss in detail the following procedures -
   a) Gastric lavage b) Cardiopulmonary resuscitation
5. Write about the current research activities undertaken by CCRH in COVID-19 prevention and treatment
6. Describe the types of Gait. Write in detail about Friedrich's Ataxia
7. Define degenerative neuronal disease. Enumerate the difference between UMN and LMN lesions

Rajiv Gandhi University of Health Sciences, Karnataka

8. Discuss the staging, clinical features and treatment of Lupus Nephritis

9. Discuss in detail causes etiopathogenesis, clinical feature and homoeopathic management of Cushing's disease

10. Discuss in detail about disorders of Hypothalamus and pineal gland with a note on Kalmann syndrome

M.D. Homoeopathy Degree Examination (Part-II) - 04-Mar-2025

[Time: 3 Hours] [Max. Marks: 100]

PAEDIATRICS – PAPER-I
(Revised Scheme 5)
Q.P. CODE: 8020

Your answers should be specific to the questions asked.
Draw neat, labeled diagrams wherever necessary.

Answer All The Questions 10 X 10 = 100 Marks

1. Describe the various assessment techniques of Hypothyroidism in children.
2. Enlist the effects of Pituitary dysfunction. Explain the miasmatic evaluation of Pituitary dysfunction.
3. Define Pharyngitis. Describe the causes, clinical manifestation & complications of each type. Write the indication of Hepar sulphuricum and Silicea.
4. Describe the following conditions,
   a) Types and clinical manifestations of Nystagmus with indications of Phosphoricum acidum.
   b) Diagnostic examination and management of Mal-occlusion of teeth with indication of Syphilinum.
5. Describe Language disorders. Describe the manifestations in psoric, sycotic & syphilitic child.
6. Discuss the,
   a) Enuresis. Differentiate primary and secondary enuresis.
   b) Discuss the indications of Apis& Led pal in Bee sting.
7. Define Guillain Barre (GB) Syndrome. List the classification of GB Syndrome. Discuss the differential diagnosis.
8. Define Seizure. List the types of epileptic seizures. Describe the evaluation of Febrile Seizures. Explain the Homoeopathic approach in seizures with two medicines
9. Discuss the aetiology, clinical features & diagnosis of Juvenile Rheumatoid arthritis.
10. Define Von Gierke Disease. Describe the types, clinical features and diagnostic criteria. Discuss the miasmatic expression in Inborn Errors of Metabolism.
