III Year B.H.M.S Degree Examination – OCT-2019

Time: Three Hours **Max. Marks: 100 Marks**

Homoeopathic Materia Medica and Therapeutics (RS4)

QP Code: 1466

Your answers should be specific to the questions asked.
Draw neat, labeled diagrams wherever necessary.

LONG ESSAY **2 X 10 = 20 Marks**

1. Describe the sphere of action, ailments from, physical appearance, mentals and modalities of Calc carb.
2. Describe the ailments, sphere of action, mentals, guiding symptoms and modalities of Phosphorus.

SHORT ESSAY **10 X 5 = 50 Marks**

3. Describe fever of Gelsemium.
4. Describe the gastric symptoms of Nat Sulp.
5. Describe the gastric symptoms of Nux vomica.
6. Describe the mentals of Ars Alb.
7. Enumerate the respiratory symptoms of Dulcamara.
8. Define Nosode. Differentiate between the toxicity and virulence of plant and animal Nosode.
9. List ten group characteristics of Ophidia group.
10. Compare female symptoms of Sepia and Murex
11. Mention the male symptoms of Selenium.
12. Explain the convulsions of Bufo rana.

HOMOEOPATHIC MEDICAL COLLEGE LIBRARY
BERALAKATTE
MANGALORE

SHORT ANSWERS **10 X 3 = 30 Marks**

13. Indicate Euphrasia in fever
14. Mention the female symptoms of Ruta.
15. List the cholera symptoms of Aethusa.
16. Mention the Injuries of Bellis per.
17. List six sources of Homoeo Materia Medica.
18. Define Diathesis.
19. List the characters of Nitrogenoid constitution.
20. Mention six mentals of Kali group.
21. List Nash trios of thirstless remedies.
22. List the bone symptoms of Asafoetida.

III Year B.H.M.S Degree Examination – MARCH-2019

[Time: 3 Hours] [Max. Marks : 100]

MATERIA MEDICA (RS2 & RS3)

QP Code: 1437

Your answers should be specific to the questions asked.
Draw neat labeled diagrams wherever necessary.

LONG ESSAY **2 X 10 = 20 Marks**

1. Write in detail the drug picture of Thuja Occdentails.
2. Describe the mentals, head, throat, female symptoms and modalities of Arsenic album.

SHORT ESSAY (Answer any ten) **10 X 5 = 50 Marks**

3. List characteristic features of Argentum Metallicum.
4. Discuss Aconite nap in Management of Fever
5. Compare Agnus castus and caladium in impotency
6. Discuss the role of Buforana in management of female complaints
7. State Mind and G.I.T symptoms of Lycopodium.
8. Enumerate Mental symptoms of Anacardium ori
9. Compare and contrast Cuprum met and Zincum met in convulsions
10. Give five indications of Thyroidinum
11. Give five guiding indications of Plumbum met.
12. Give five characteristic features and modalities of Benzoic acid.
13. Give five characteristic feature of Secale cor. In female complaints.
14. Compare and contrast Pulsatilla lady with Sepia lady

SHORT ANSWERS **10 X 3 = 30 Marks**

15. State the modalities of Asafoetida.
16. Recall the hysterical symptoms of Moschus
17. Explain Aethusa cyna baby.
18. Recall the modalities of Theridion
19. Heart indication of Adonis ver
20. Give three indication of Dioscorea v in colic
21. Give three indications of Causticum in causation.
22. Give three indications of Crotalus hor in pain.
23. Explain the colic of Colocynthes
24. Recall the Menstrual symptoms of Cyclamen

Q.P. CODE: 1434

Your answers should be specific to the questions asked
Draw neat labeled diagrams wherever necessary

LONG ESSAYS **2 x 10 = 20 Marks**

1. Define Endometriosis. Discuss the risk factors, pathology, clinical features, differential diagnosis, complications and management of the same.
2. Explain the causes, pathology, clinical features differential diagnosis, complications and management of Benign Ovarian Tumours.

SHORT ESSAYS (Answer any ten) **10 x 5 = 50 Marks**

3. Discuss the causes, clinical features and diagnosis of Uterine Prolapse.
4. Describe the pathology and clinical features of Ca carcinoma.
5. Explain secondary pathological changes of Fibroid Uterus.
6. List the causes and the corresponding investigations of Primary Amenorrhoea.
7. Define Pelvic Inflammatory Disease (PID). Explain the pathology and clinical features of acute Pelvic Inflammatory Disease (PID).
8. Explain Acute Abdominal pain in females.
9. Describe the causes and management of Secondary Dysmenorrhoea.
10. Describe the pathology, clinical features and management of Gonorrhoea in female.
11. Explain Premenstrual Tension Syndrome.
12. Enumerate the causes, clinical features and management of Vulvovaginitis in children.
13. Explain the causes, degrees and management of Retroverted Uterus.
14. Discuss the indications, complications and pre-requisites of Hysterosalphingography.

SHORT ANSWERS **10 x 3 = 30 Marks**

15. Define Delayed puberty.
16. Define Cervical Ectropion.
17. Define Bicornuate uterus.
18. Discuss the causes of post menopausal bleeding.
19. Define Vaginismus.
20. List Functions of oestrogen.
21. List the clinical features of Moniliasis.
22. Explain Fern test.
23. Complications of tubectomy
24. Define Bartholin's cyst.
