Time: Three Hours **Max. Marks: 100 Marks**

ORGANON OF MEDICINE - PAPER-II (RS-3)

Q.P. CODE: 1444

Your answers should be specific to the questions asked
Draw neat labeled diagrams wherever necessary

LONG ESSAYS **2 x 10 = 20 Marks**

1. Explain Stuart concept of Homoeopathic Theory of Drug Potentization as theory of Potential.
2. Individualization is the key for Homoeopathic Prescription. Justify.

SHORT ESSAYS **10 x 5 = 50 Marks**

3. Explain the relation of cure to disease according to Stuart close.
4. Explain the Susceptibility is modified by habit and environment according to Stuart close.
5. Explain law of similar as discussed by j.t.Kent.
6. Explain the relationship of Bacteriology to Homoeopathy.
7. Explain H.A. Roberts view on remedy action.
8. Interpret sick according to j.t. Kent
9. Explain practical utility of seventh observation of Kent.
10. Explain substantialism School of Philosophy according to Stuart close.
11. Importance of Totality of Symptoms according to Stuart close
12. List three reasons for homoeopathic aggravation after administration of a remedy.

SHORT ANSWERS **10 x 3 = 30 Marks**

13. Explain contradictory symptoms.
14. What are disease manifestations?
15. Define secondary action with examples.
16. Differentiate drug medicine and remedy
17. Define indisposition.
18. State Hering's laws of cure.
19. Define logic and its type.
20. Explain restoring health.
21. Explain medical sciolists.
22. Describe three forms of action of vital force.

ORGANON OF MEDICINE - PAPER-I (RS-3)

Q.P. CODE: 1443

Your answers should be specific to the questions asked.
Draw neat labeled diagrams wherever necessary.

LONG ESSAYS **2 x 10 = 20 Marks**

1. Define and classify intermittent diseases. Explain the Homoeopathic approach in each type.
2. Define vital principle. Explain it's role in health, disease and cure.

SHORT ESSAYS **10 x 5 = 50 Marks**

3. Discuss the method of preparation of medicine in 50 millesimal scale.
4. Discuss the homoeopathic approach in the investigation of an epidemic diseases
5. Explain the superiority of the artificial disease over the natural diseases.
6. Discuss the rules of repetition of dose.
7. Define mesmerism. Explain its types.
8. Discuss Antipathy.
9. Define local maladies. Classify and explain the management of the same.
10. Explain therapeutic law of nature. Give examples.
11. Define accessory symptoms. List and explain the types of accessory symptoms.
12. Explain Homoeopathic approach in mental diseases of doubtful origin.

SHORT ANSWERS **10 x 3 = 30 Marks**

13. Define complex disease.
14. Define palliation. Give an example.
15. Stage 9th aphorism.
16. Define case taking.
17. Define lesser accessory symptoms. Give example.
18. Discuss alternating actions.
19. What is day book?
20. Explain the importance of 153 Aphorism.
21. Discuss favorite medicine.
22. Discuss massage.
