Rajiv Gandhi University of Health Sciences, Karnataka

IV Year B.H.M.S Degree Examination – 10-Jan-2022

Time: Three Hours **Max. Marks: 100 Marks**

HOMOEOPATHIC MATERIA MEDICA – PAPER I (RS4)

QP Code: 1472

Your answers should be specific to the questions asked.
Draw neat, labeled diagrams wherever necessary.

LONG ESSAY **2 X 10 = 20 Marks**

1. Describe the group characteristics of Spider group. Mention the indications of Tarentula cubensis in Sepsis.
2. Describe the drug picture of Gelsemium with reference to causations, mental generals, physical generals, GIT and fever characteristics.

SHORT ESSAY **10 X 5 = 50 Marks**

3. List the qualities of prover in construction of Homoeopathic materia medica.
4. Compare and contrast Drosera and Cina in whooping cough.
5. Describe the gastric symptoms of Natrum sulp.
6. Explain the collapse of Veratrum alb.
7. Compare Phosphoric acid and Muriatic acid in debility.
8. Explain the mental picture of Helleborus niger.
9. Explain the female complaints of Murex.
10. Explain the respiratory affections of Phosphorus.
11. Compare Tarentula cub and Crotalus in Sepsis.
12. Explain the urinary affections of Equisetum.

SHORT ANSWERS **10 X 3 = 30 Marks**

13. Mention the constitution of Calcarea carbonicum.
14. Mention the injuries of Calendula.
15. Indicate Arsenicum iodatum in chronic nasal catarrh.
16. List the different sources of Homoeopathic materia medica.
17. State about clinical proving.
18. Discuss the Delirium of Belladonna.
19. State hemorrhoids of Muriatic acid.
20. State the characteristics of Dioscorea in Appendicitis.
21. State the characteristics of Sec cor in pregnancy complaints.
22. Mention the constitution of Sepia.

HOMOEOPATHIC MATERIA MEDICA – PAPER – II (RS4)

QP Code: 1473

Your answers should be specific to the questions asked.
Draw neat, labeled diagrams wherever necessary.

LONG ESSAY

2 X 10 = 20 Marks

1. Name the remedies for marasmus. Describe the constitution, mind, Gastric and child ailments of Sanicula.
2. State the Nosodes, name them; Discuss Constitution, Mind, respiratory affections & Skin ailments of Psorinum.

SHORT ESSAY

10 X 5 = 50 Marks

3. Compare Saguinaria and Sabadilla in Hay fever.
4. Compare Lac can and Diptherinum in throat complaints.
5. Compare headaches of Carbolic acid and Carbo Animalis.
6. Compare Raphanus and Crocus sat in hysterical symptoms.
7. Recall the syphilitic affections of Flouric Acid.
8. Compare Rhododendron and Kalmia in rheumatism.
9. Compare toothache of Coffea and Ratanhia.
10. Compare Lobelia and Mag carb in alimentary tract affection.
11. Enumerate the high rank symptoms of Coca and Physostigma.
12. Mention the high rank symptoms of Argentum Met.

SHORT ANSWERS

10 X 3 = 30 Marks

13. Recall characteristics of Acalypha indinGIT affections.
14. State characteristics of Ran bulb in Chest affections.
15. Give the characteristics of Asteria rub in Nervous complaints.
16. State characteristics of Lac defloratum in headache.
17. Enumerate characteristics of Abrotanum in Rheumatism.
18. State characteristics of Mag Mur- female complaints.
19. Recall the characteristics of Ceanothus in Abdominal affections.
20. Enumerate characteristics of Sambucus in Fever.
21. Mention the characteristics of Verat ver in Hyperaemia.
22. State the Constitution of Sabina.

HOMOEOPATHIC MATERIA MEDICA – PAPER I (RS4)

QP Code: 1472

Your answers should be specific to the questions asked.
Draw neat, labeled diagrams wherever necessary.

LONG ESSAY

2 X 10 = 20 Marks

1. Describe the guiding, gastric, urinary and joint symptoms of Colchicum autumnale. Compare its joint symptoms with Bryonia.
2. Describe the group characteristics of ophidia group. Mention characteristic features, haemorrhages of Crotalus horridus.

SHORT ESSAY

10 X 5 = 50 Marks

3. Explain empirical source of Homoeopathic materia medica with examples.
4. Compare and contrast Calcarea sulph and Silicea in Skin complaints.
5. Enumerate the nerve affections of Argentum nitricum.
6. Compare and contrast Agnus castus and Phosphoric acid in Sexual sphere.
7. Compare and contrast Baryta carb and Helleborus children.
8. Mention GIT affections of Tabacum.
9. Mention the characteristic features of Syphilinum.
10. List in detail the rectal complaints of Ignatia.
11. State the collapse stage of Carbo veg.
12. Mention the glandular affections of Bromium.

SHORT ANSWERS

10 X 3 = 30 Marks

13. Mention the characteristics of Cinchona in fever.
14. Mention the characteristics of Antimonium tart in Cough.
15. State the diarrhoea of Phosphoric acid.
16. State the characteristics of Hyoscyamus in Delirium.
17. State the characteristics of Platina in Constipation.
18. State the characteristics of Sepia in Asthma.
19. State the characteristics of Veratrum alb in collapse.
20. State the characteristics of Berberis vulg in gall stones.
21. State the characteristics of complete symptom.
22. Define Doctrine of signature.

1. Define Mitral regurgitation. Discuss the causes, hemodynamics, clinical features, and complications of Mitral regurgitation.
2. Define Alzeimer's disease. Discuss the etiopathology and clinical features of Alzeimer's disease. Compare the Stannum met and Zincum met in Alzeimer's disease.

SHORT ESSAY

10 X 5 = 50 Marks

3. Describe the causes and clinical features of Chronic myeloid leukaemia.
4. Describe the causes and clinical features of Goitre.
5. Enumerate clinical features and complications of Amoebiasis.
6. List the indications of Acetic acid and Calcarea renalis in Acute Renal Failure.
7. Discuss clinical features of Ducshenne Muscular Dystrophy.
8. Discuss the causes and clinical features of Depression.
9. Describe the causes and clinical features of Rheumatoid arthritis.
10. Describe the causes and clinical features of Acne vulgaris.
11. Discuss the causes and clinical features of Ankylostomiasis.
12. Discuss the causes and clinical features of Failure to thrive.

SHORT ANSWERS

10 X 3 = 30 Marks

13. Define Iron deficiency anaemia.
14. List the three complications of mumps.
15. Define Patent ductus arteriosus.
16. List the three indications of Ustilago in Hematuria.
17. Explain sensory ataxia.
18. Explain Bouchard's nodes.
19. List the three indications of Psorinum in Psoriasis.
20. List the three indications of Baryta carb in mental retardation.
21. List the three causes of Dementia.
22. Define Haemochromatosis.

IV Year B.H.M.S Degree Examination – 07-Oct-2022

Time: Three Hours **Max. Marks: 100 Marks**

PRACTICE OF MEDICINE – PAPER I (RS4)

QP Code: 1467

Your answers should be specific to the questions asked.
Draw neat, labeled diagrams wherever necessary.

LONG ESSAY

2 X 10 = 20 Marks

1. Define Chronic Obstructive Pulmonary Disease (COPD). Discuss the aetiopathogenesis, clinical features and homoeopathic management of COPD.
2. Define Crohn's Disease. Enumerate the etiopathogenesis, clinical features, and Homoeopathic management of Crohn's Disease.

SHORT ESSAY

10 X 5 = 50 Marks

3. Define Acute Respiratory Distress Syndrome (ARDS). Discuss the Clinical features and Complications of ARDS.
4. Define Asbestosis. Discuss the Clinical features and indications of Silicea in Asbestosis.
5. Define Cor Pulmonale. Discuss the aetiopathogenesis and clinical features of Cor Pulmonale.
6. Define Abdominal Tuberculosis. List the clinical features of Abdominal Tuberculosis.
7. Define Mal Absorption Syndrome. List the indications of Abrotinum and Sanicula in Mal Absorption Syndrome.
8. Describe the aetiopathogenesis and clinical features of Peptic Ulcers.
9. Classify jaundice. List the indications of Chelidonium and Chionanthus in jaundice.
10. Define Cirrhosis of Liver. Discuss the indications of Hydrastis and Cardus mar in cirrhosis of liver.
11. Define Down's Syndrome. Describe the clinical features and list the indications of Baryta Carb in Down's Syndrome.
12. Define Hypernatraemia .Describe the aetiopathogenesis and clinical features of Hypernatraemia.

SHORT ANSWERS

10 X 3 = 30 Marks

13. Define Primary Complex.
14. List the indications of Passiflora in Status Asthamaticus.
15. Define Cheyne Stokes Respiration.
16. List the causes of Constipation.
17. List the indications of Borax in Stomatitis.
18. Define Achlasia cardia.
19. List the indications of Natrum sulphuricum in Hepatitis.
20. List the indications of Nux vomica in Alcoholic liver cirrhosis.
21. List the types of Hypersensitivity reactions.
22. List the indications of Glonine in Heat stroke.

PRACTICE OF MEDICINE – PAPER II (RS4)

QP Code: 1468

Your answers should be specific to the questions asked.
Draw neat, labeled diagrams wherever necessary.

LONG ESSAY **2 X 10 = 20 Marks**

1. Define Myocardial Infarction and explain its aetiopathogenesis, clinical features and Homoeopathic management with indications of any two drugs.
2. Define Epilepsy. List the causes and explain its aetiopathogenesis with indications of Cuprum Met and Bufo rana.

SHORT ESSAY **10 X 5 = 50 Marks**

3. Describe clinical features and Homeopathic management of Iron Deficiency Anemia.
4. Explain aetiopathogenesis and clinical features of Diabetes Mellitus type II.
5. Explain the aetiopathogenesis and clinical features of Hepatitis B.
6. Indicate in Apis Mel and Apocynum in Nephrotic Syndrome.
7. Write the indications of Phosphorus and Merc Sol in Peripheral neuropathy.
8. Explain the causes and clinical features of Mood disorders.
9. Indicate Silicea and Calc Phos for Rickets.
10. Explain the clinical features of Eczema and indicate Cicuta V.
11. Write the indications of Natrum mur and China in Malaria.
12. Explain the aetiopathogenesis and clinical features of Hydrocephalus in children.

SHORT ANSWERS **10 X 3 = 30 Marks**

13. Define Polycythemia Vera.
14. Mention clinical manifestation of Bacillary Dysentery.
15. Indicate Lauracerasus for Angina.
16. List causes for Chronic Renal Failure.
17. Write indications of Alumina for Alzheimer`s disease.
18. Write radiological findings of Cervical Spondylosis.
19. List the indications of Dolichos in Pruritis.
20. Indicate Abrotanum for Marasmus.
21. Indicate Anacardium for Dementia.
22. Indicate Carbo veg in Vitamin C deficiency.
