IV Year B.H.M.S Degree Examination – 04-Mar-2025

Time: Three Hours | Max. Marks: 100 Marks

PRACTICE OF MEDICINE – PAPER -I (RS-3)

QP Code: 1438

Your answers should be specific to the questions asked.
Draw neat, labeled diagrams wherever necessary.

LONG ESSAY — 2 X 10 = 20 Marks

1. Discuss the pathophysiology, clinical presentation, ECG changes and management of Myocardial Infarction.
2. Define Haemolytic Anaemia. Elaborate the types, pathogenesis, clinical features and management of Thalassemia major.

SHORT ESSAY — 10 X 5 = 50 Marks

3. Define secondary hypertension and explain its causes.
4. Discuss the clinical features and diagnosis of Primary Pulmonary Tuberculosis.
5. Explain the pathogenesis and clinical presentation of Crohn's disease.
6. Discuss the pathogenesis, types and clinical features of Herpes Infection.
7. Discuss the classification and clinical features of Bronchial Asthma.
8. Enumerate the etiology and clinical features of Bronchopneumonia.
9. Elaborate the clinical presentation of Metabolic acidosis.
10. Discuss the pathogenesis and clinical features of Wilson's disease.
11. Explain the clinical features and management of Rickets.
12. Discuss the pathogenesis, clinical features and control of Silicosis.

SHORT ANSWERS — 10 X 3 = 30 Marks

13. Explain Down's Syndrome.
14. Clinical features of Turner's Syndrome.
15. Explain Mantoux test.
16. Define Zollinger Ellison Syndrome.
17. List the radiological findings of Miliary Tuberculosis.
18. Define Dengue shock syndrome.
19. Define Madura foot.
20. List the clinical features of Niacin Deficiency.
21. Explain Koplik spots.
22. Define Black water fever.

PRACTICE OF MEDICINE – PAPER I (RS4)

QP Code: 1467

Your answers should be specific to the questions asked.
Draw neat, labeled diagrams wherever necessary.

LONG ESSAY — 2 X 10 = 20 Marks

1. Define Pulmonary Tuberculosis. Discuss the clinical features and investigations of Pulmonary Tuberculosis. Differentiate Acid Phos and Stanum Met in Pulmonary Tuberculosis.
2. Discuss the etiology, pathophysiology, clinical features and investigations of Crohn's Disease.

SHORT ESSAY — 10 X 5 = 50 Marks

3. Indicate Bryonia and Antimonium Tart in Acute Bronchitis.
4. Describe the causes and clinical features of Pleurisy.
5. Discuss the causes and clinical features of Pneumoconiosis.
6. Enumerate the clinical features of Peptic ulcers.
7. List the indications of Aloe Soc and Croton tig in Diarrhoea.
8. Discuss the clinical features of Coeliac Disease. Write the indications of Pulsatilla in Coeliac Disease.
9. List the indications of Chelidonium and Cardus mar in Cirrhosis of Liver.
10. Explain the causes and clinical features of Gallstones.
11. Describe the signs and symptoms of Klinefelter syndrome.
12. List the causes and clinical features of Hyperkalaemia.

SHORT ANSWERS — 10 X 3 = 30 Marks

13. Define Pink Puffers.
14. Illustrate Reid's index.
15. Define Status Asthmaticus.
16. List the three indications of Taraxcum in Glositis.
17. Define Achalasia Cardia.
18. Summarise Manning's criteria in Irritable Bowel syndrome.
19. Illustrate Cullen's sign.
20. List the three indications of Cheonanthus in Viral Hepatitis.
21. Interpret ELISA test.
22. List the three indications of Belladonna in Sunstroke.

QP Code: 1439

Your answers should be specific to the questions asked
Draw neat labeled diagrams wherever necessary

LONG ESSAY — 2 X 10 = 20 Marks

1. Define Psoriasis. Explain the aetiology, clinical features and classification of psoriasis
2. Define chronic renal failure. Enumerate the causes, clinical features and complications of chronic renal failure

SHORT ESSAY — 10 X 5 = 50 Marks

3. Explain the clinical features of sub-arachnoid haemorrhage
4. Discuss the causes and clinical features of Friedreich's Ataxia
5. Describe the somatic and psychological features of anxiety
6. Discuss the stages of chronic alcoholism
7. Enumerate the clinical features of hepatitis-A virus infection
8. Illustrate the aetiology and clinical features of Biliary cirrhosis
9. Discuss the clinical manifestations of Osteo-arthritis
10. Define Sjogren's syndrome. Explain the clinical features Sjogren's syndrome
11. Illustrate the application of APGAR score
12. List the causes and clinical features of Parkinsons disease

SHORT ANSWERS — 10 X 3 = 30 Marks

13. Describe three clinical features of milk protein intolerance
14. Define Acrophobia, Agoraphobia and Nyctophobia
15. List the skin manifestations in Addison's disease
16. Describe type I hypersensitivity
17. Explain Felty's syndrome
18. Describe Gower's sign
19. List the clinical features of Cushing's syndrome
20. Define Budd Chiari syndrome
21. List the primitive reflexes
22. Describe the Schober's test

QP Code: 1440

Your answers should be specific to the questions asked.
Draw neat, labeled diagrams wherever necessary.

LONG ESSAY — 2 X 10 = 20 Marks

1. Define Meningitis. Explain indications of Helleborus, Tuberculinum, Apis and Cuprum Met in Meningitis.
2. Define Obsessive Compulsive Disorder. Explain indications of ArsAlb, Syphilinum, Nat mur and Caladium in Obsessive Compulsive Disorder.

SHORT ESSAY — 10 X 5 = 50 Marks

3. List the indications of Blata Orientalis and Ant Tart in Bronchial Asthama.
4. List the indications of Syphilinum and Natrum Mur in Leucoderma.
5. List the indications of Bryonia and Kali Bich in Pneumonia.
6. List the indications of Argentum Nitricum and Gelsemium in Phobia.
7. List the indications of Chelidonium and Cardus Marianus in Cirrhosis of Liver.
8. List the indications of Hepar Sulph and Ranuculus Bulbosus in Herpes Zoster.
9. List the indications of Actea spicata and Cimicifuga in Rheumatoid Arthrities.
10. List the indications of Crotalus and Lachesis in Haemophilia.
11. List the indications of Calc Phos and Calc Carb in Delayed Milestones.
12. List the indications of ArsAlb and Thuja in Addisons Disease.

SHORT ANSWERS — 10 X 3 = 30 Marks

13. Indicate BarytaIod in Lymphoma
14. Indicate Hydrangea in Hematuria
15. Indicate Ficus Vesiculus in Obesity
16. Indicate Naja in Rheumatic Fever
17. Indicate Pyrogen in septic Arthritis
18. Indicate Symphytum in Cancer
19. Indicate Apocyanum in Diabetes
20. Indicate China in Pancreatitis
21. Indicate Artemesia Vulgaris in Petit Mal Epilepsy
22. Indicate Sepia in Scabies.

Q.P. CODE: 1441

Your answers should be specific to the questions asked
Draw neat labeled diagrams wherever necessary

LONG ESSAYS 2 x 10 = 20 Marks

1. Explain different sources of Homoeopathic Materia Medica
2. Describe sphere of action, causations, characteristic mentals and Gastro-intestinal symptoms Nux Vomica

SHORT ESSAYS 10 x 5 = 50 Marks

3. Write Joint complaints of Rhus Tox
4. Differentiate Silicea and Hepar sulph in skin complaints
5. Write characteristic features of Ignatia in mental symptoms
6. Compare and contrast Cantharis and Berberis V in Urinary complaints
7. Narrate Agnus C in Male symptoms
8. Differentiate Anacardium and Bismuth in Stomach complaints
9. Narrate urinary symptoms of Terebinthina
10. Describe child complaints of Baryta Carb
11. Write indications of Natrum Mur in head complaints
12. List characteristics of Dioscorea V in abdomen symptoms

SHORT ANSWERS 10 x 3 = 30 Marks

13. Indicate Belladonna in mental complaints
14. Write Petroleum skin complaints
15. Narrate three indications of Lachesis
16. Mention Kalmia L in Heart complaints
17. List three indications of Nitric acid
18. State Thlaspi bursa P in hemorrhage
19. Mention Iodum in marasmus
20. List indications of Staphysagria in male complaints
21. List three indications Hypericum in injuries
22. State Causticum in cough

IV Year B.H.M.S Degree Examination – 29-Mar-2025

Time: Three Hours | Max. Marks: 100

COMMUNITY MEDICINE - (RS-3)
Q.P. CODE: 1446

Your answers should be specific to the questions asked
Draw neat labeled diagrams wherever necessary

LONG ESSAYS — 2 x 10 = 20 Marks

1. Describe the various measures taken for sanitation of fairs and festivals
2. Define Nutrition. Classify foods as per origin and explain about Lathyrism

SHORT ESSAYS — 10 x 5 = 50 Marks

3. Explain about the design and working of septic tank
4. Explain the steps involved in Rapid sand filtration
5. Explain in detail about the effects of heat stress
6. Explain in detail the control measures of cholera
7. Explain the steps of investigation of an epidemic
8. Explain in detail about feeding of infants
9. Explain the levels of health care. Write the functions of primary health centre
10. Explain the steps of demographic cycle
11. Explain the hazards of biomedical waste with a note on colour coding of these wastes
12. Explain the dimensions of health

SHORT ANSWERS — 10 x 3 = 30 Marks

13. Define Pneumoconiosis. Enlist the diseases due to dust exposure
14. Define arithmetic mean with an example
15. Define target couple and eligible couple
16. Write the objectives of postnatal care
17. Write about six functions of WHO
18. Write short note on disaster mitigation
19. Enlist the methods of communication in health
20. Define notification of disease
21. Discuss Indian system of medicine
22. Discuss Genus epidemicus with an example

QP Code: 1470

Your answers should be specific to the questions asked.
Draw neat, labeled diagrams wherever necessary.

LONG ESSAY 2 X 10 = 20 Marks

1. Discuss “The power of medicine to cure a disease is the power of a drug to produce a disease”.
2. Classify Mental diseases as per 6th Edition of organon. Outline the treatment strategy for mental disease corporeal origin.
   Or
   Classify Mental diseases as per 6th Edition of organon. Outline the treatment strategy for mental diseases.

SHORT ESSAY 10 X 5 = 50 Marks

3. State types of chronic diseases and explain each with proper examples.
4. Describe Hahnemann’s guidelines for preparation, dose selection, and mode of repetition of drugs to be proved.
5. Discuss the advantages of homoeopathic aggravation in prognosis of a case.
6. Explain the management of one-sided diseases with partially similar remedies.
7. Explain how the internal similar remedy restores the external local sufferings.
8. Discuss the management and treatment of acute state of a mental disease.
   Or
   Discuss signs of improvement
9. Discuss the ideal regimen for the patient with mental disease.
   Or
   Discuss the ideal regimen for the patient suffering from acute diseases
10. Discuss the pros and cons of decimal, centesimal and LM scale.
11. Discuss the advantage of prescribing the drug in successively increasing potency.
12. Explain the qualities of an ideal mesmerizer.

SHORT ANSWERS 10 X 3 = 30 Marks

13. Explain suspended animation.
14. Discuss case taking in Hypochondriac patients.
15. List steps in construction of Materia Medica.
16. Explain management of diseases with one or more trivial symptom.
    Or
    Describe Homoeopathic Specific remedy
17. Explain the method to antidote the violent action of magnetism.
18. Explain homoeopathic antidote.
19. Explain favourite remedies.
20. Explain the role of antipsoric medicines in local diseases.
21. Explain homoeopathic cure.
    Or
    Define simple Medicine
22. Discuss the management of homoeopathic aggravation.

QP Code: 1472

Your answers should be specific to the questions asked.
Draw neat, labeled diagrams wherever necessary.

LONG ESSAY — 2 X 10 = 20 Marks

1. Describe the ailments from, Guiding symptoms, mental Characteristics and Female complaints of Calcarea Carb.
2. List the general characters of carbon group, Explain the skin and female symptoms of Graphitis.

SHORT ESSAY — 10 X 5 = 50 Marks

3. Describe sources of Homoeopathic Materia Medica.
4. Compare and contrast Cina and Chammomilla in Children complaints.
5. Compare and contrast Diarrhoea of Argentum Nitricum and Gelsemium.
6. Compare and contrast female symptoms of Bovista and Borax.
7. List ten contradictory symptoms of Ignatia.
8. Mention the gastric symptoms of Kali Carb.
9. Compare and contrast Agaricus Musc and Kali Brom in nervous complaints.
10. Mention the skin symptoms of Alumina.
11. Compare and contrast Camphora and Veratrum Album in Gastrointestinal affections.
12. Explain female symptoms of Ammonium Carb.

SHORT ANSWERS — 10 X 3 = 30 Marks

13. Mention utility of Homoeopathic Materia Medica.
14. Define Homoeopathic Materia Medica.
15. State nasal symptoms of Arum Triph.
16. State Euphrasia in menstrual complaints.
17. Recall modalities of Cactus Gland.
18. Recall the mental symptoms of Cantharis.
19. Mention colic of Dioscorea Villosa.
20. List six mental symptoms of Helleborus Nig.
21. Mention debility of Muriatic acid.
22. Mention the skin affections of Tarentula Cub.

QP Code: 1473

Your answers should be specific to the questions asked.
Draw neat, labeled diagrams wherever necessary.

LONG ESSAY — 2 X 10 = 20 Marks

1. Compare and contrast nervous affections of Cuprum met, Zincum Met and Plumbum Met.
2. List the group characteristics of Baryta group. Describe the pathogenesis, ailments, and clinical indications of Baryta Mur.

SHORT ESSAY — 10 X 5 = 50 Marks

3. Compare and contrast Mezereum and Ranunculus bulb in neuralgia.
4. Describe the connective tissue affinity of Arg Met.
5. Compare Psorinum and Medorhinum in respiratory complaints.
6. Indicate Cicuta in convulsions.
7. Compare Glonine and Lithium Carb in heart affections.
8. Compare Vibernum and Caulophyllum in female affections.
9. List the indications of Sycotic B.
10. Mention the head and chest complaints of Millefolium.
11. Compare respiratory affections of Blatta orien and Ant Ars.
12. Describe a typical Rheum child.

SHORT ANSWERS — 10 X 3 = 30 Marks

13. Recall the respiratory affections of Bacillinum.
14. List six guiding symptoms of Arg Met.
15. Mention the discharges of Sanicula.
16. State the skin affections of Causticum.
17. List the nervous affections of Plumbum Met.
    Or
    List the clinical indications of Sabina
18. State six clinical indications of Cardus Mar.
19. List the clinical utility of Syzigium jamb.
20. Enumerate the indication of Radium Brom.
21. Mention the discharges of Crocus Sat.
22. Mention the skin symptoms of Malandrinum.
